

WHY SUPPORT MOFF

- **MOFF is a unique cultural experience.** With 19+ hours of shorts and feature films from all over Maine - and around the world - MOFF attracted over 1,000 guests (including 30 filmmakers) to its outdoor screenings in Portland in 2021.
- **MOFF gives Maine filmmakers an opportunity to shine.** Over a quarter of MOFF films are produced in Maine. These films, through their production, exhibition and existence, enrich Maine's cultural, intellectual and economic fabric.
- **MOFF celebrates Portland's unique position as a cultural and recreational destination.** Hike/Bike/Sail/Kayak > Dine out > Grab a beer > Go watch movies outside at MOFF. How's that for a summer day in Portland, Maine!?
- **MOFF content raises awareness of pertinent environmental topics,** helping to spawn conversation and shifts in perspective. Viewers leave energized, inspired, and curious.
- **The only summer film festival in Portland,** MOFF is a great time for attendees from Maine, and from away. The numbers prove it:
 - ✧ **1,099 in-person tickets sold in 2021**
 - ✧ **97.5%** of attendees rated their experience at MOFF a **4 or 5** out of 5
 - ✧ **91.3%** of attendees said they are likely to come to MOFF again in 2022
 - ✧ Over **52K people** visited our website during peak season (Apr - Sept)
 - ✧ We have **3.9K Facebook followers** and **2.9K Instagram followers**
 - ✧ Our newsletter has **8K recipients**
- **A portion of festival proceeds benefit Teens To Trails,** a non-profit devoted to creating life-changing outdoor experiences for Maine students.
