2025

OVERVIEW

The Maine Outdoor Film Festival produces international outdoor adventure and conservation film events with the goal of broadening perspectives, championing storytelling, and inspiring environmental conservation and responsible exploration. MOFF explores the beauty, interactivity and complexity of our planet while asking questions and sharing stories about how the power of our planet influences human experience and conversely, human's impact on the planet. We do this three ways:

PORTLAND FLAGSHIP FESTIVAL: July 23-27, 2025

MOFF's signature event is the annual Flagship Festival each July in Portland, Maine. Filmmakers, outdoor aficionados, environmentalists and lovers of art and storytelling converge for outdoor adventure and conservation film in Maine's cultural hub. Each day, the Festival features a panoply of programming including indoor daytime screenings, industry panels, and artist networking events. And each night an outdoor theater is erected: a 20' inflatable screen with a modern audio and projector system.

SELECTS TOUR: August - October 2025

Following the Flagship, the Selects Tour travels throughout the northeast, bringing uniquely curated selections of the Flagship's films to people where they are. MOFF has hosted screenings in all 16 counties in Maine - from the County to the New Hampshire border to Down East.

MOFF OFFSEASON

Appreciative of all the seasons, MOFF presents screenings and events on shoulder seasons as a way to unite communities, inspire action, and celebrate the outdoors no matter what the weather (such as "Snow Day Dreams", International Women's Day).

WHY YOU SHOULD SUPPORT MOFF

Align your brand with active and loyal outdoor enthusiasts who support brands championing the outdoors." MOFF attendees note businesses that champion outdoor causes and prioritize their products and services for personal and professional use.

The numbers don't lie—**over 3,600 people attended** at least one screening in 2024, with many making time to see multiple films. Leverage this commitment with your brand and its outdoor-themed messaging.

Own the summer, but **keep your messaging strong year-long**. MOFF's Flagship launches when folks are out and active in the warm summer months. But the value of sponsorship can support your brand year-long with MOFF's Select Tour and specially themed screenings.

MOFF is a local and global experience. We screen films from around the world, with special consideration for Maine-made and Maine-relevant films. Our jury aims for 1/3 Maine-made. MOFF has screened films from 25 countries and welcomed filmmakers and attendees in-person from 30+ states and over a dozen countries.

MOFF gives back. Proceeds benefit **Teens to Trails**, a nonprofit devoted to creating life-changing outdoor experiences for Maine students. We're proud to have collaborated with Teens to Trails for 10+ years.

MOFF is Fun - Inject your brand seamlessly and strategically into the **outdoor fun** that is Maine! Including opportunities for your employees and customers alike.

Brands that invest in the arts not only elevate their visibility—they become **champions of creativity, culture, and progress**. Seize the opportunity to support groundbreaking artists who are shaping our collective future through innovative and provocative storytelling.

TIER ONE

HEADLINE SPONSOR

.....
\$15,000

OPPORTUNITIES
AVAILABLE: 1

2025

HEADLINE SPONSOR
